Subject: [EXTERNAL] Opposing the Byhalia Pipeline

Dear Mr. Lee,

I am writing to urge you to oppose the Byhalia pipeline, which is set to come through South Memphis, due to the danger it poses to the aquifer and the burden it places on a community that is predominantly African American and does not have economic privilege. The aquifer supplies the vast majority of water to the city, and with this pipeline in place, in the event of an earthquake the water would be poisoned by spilled oil and thus unuseable, creating a very dangerous public safety situation. Furthermore, using Eminent Domain to kick black people off of land their families have farmed for generations for a pipeline that will not economically benefit them is unjust. Please do everything in your power to oppose the creation of this pipeline.

Sincerely,
Ex. 6 Personal Privacy (PP)

Memphis resident
